EDUCATION

- **Fast NUCES, Bachelor of Science in Computer Science:** Aug 2018-July 2022
- **The American Foundation School, O and A-Level in Pre-Engineering** Aug 2014-Aug 2018

PROFESSIONAL EXPERIENCE

- **Free Lancer, Fiver** (*Some Major Projects Listed below*) September 2020-Current
 - **Amped - Selenium- Tkinter, Sqlite3**
Automating the searching process on Amazon to find the desired product.
 - **WhatsMatic - Selenium, Tkinter**
WhatsApp automation that sends custom messages to multiple pre-defined users. Uses WhatsApp web to achieve the task.
 - **AirBnb Scraper - Data scraping - Tkinter - Selenium**
A scraper that scrapes room data from different locations. A location to be inserted, returns a populated CSV 1000+ rooms based on location.

PROJECTS

- **Automation of Gul Ahmed Website, C#, Selenium**
 - Developed Page Object Model Structure in **selenium** (POMS).
 - Automated the process of signup, login, Search, add-to-cart and checkout process.
- **HR Management System, MERN, Python**
 - Developed a portal which helps in providing ease for HR and candidates who are willing to apply for jobs.
 - Major **Deployments** include form filling, interview scheduling, resume building, job hunting etc.
 - Used **NLP model** to find tags and fill the forms automatically to apply for the job.
- **Tic-Tac-Toe using TCP, Python, Pygame**
 - Developed a **multiplayer** game in which players can communicate with each other using **TCP** connection.
 - Used **Socket programming** for building **TCP** communication and for **GUI**, used py-game for interactive interface.
- **Sticky Notes, .NET core**
 - Developed a **desktop app** like Microsoft windows notes to save the To-do works, reminder etc.
 - Also added the feature of uploading pictures and stick it to the desktop in windows.

RELEVANT COURSEWORK

- Object oriented programming
- Data structures
- Database systems
- Web Programming
- Software engineering
- Software testing
- Cloud Computing
- Data warehousing
- Operating systems
- Artificial intelligence

SKILLS

- **Programming Languages:** Python, JavaScript
- **Database:** SQL, Optimization, Database Design, MongoDB
- **Graphic Designing:** Adobe Photoshop
- **Automation and Software Testing:** Selenium, JIRA
- **Cloud computing:** Azure Devops, AWS

CERTIFICATES

- Applied Data Science Lab (World Quant University)
- Data Science for everybody. (Data Camp)
- HTML, CSS, JavaScript and flask bootcamp for Web developers.
